The City of Calgary Waste & Recycling Services would like to thank the residents of Discovery Ridge for following the Bear Smart residential waste best practices and bylaw requirements.

On Tuesday evening, Bylaw Officers visited Discovery Ridge to ensure compliance and speak with residents. During this time, they observed a black bear near residential homes. While the vast majority of residents were following the bylaw requirements for cart setout, a small number continued to set their carts out overnight.

Let's continue to work together to keep our community safe by reducing the risk of human/bear conflicts.

If you do see a bear, do not panic and quickly collect your children and pets and go indoors. Call your nearest Fish & Wildlife office at **310-0000 or **1-800-642-3800** to report your encounter.**
